Allowable Subject Matter

1. Claims 1-28 allowed.
2. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims 1-28 is:

Applicant uses the limitation for S_a that is a boundary value conditions and Applicant emphasized in the remarks on page 3 in the last paragraph discloses that is not correct to claim S_a as an input image signal. Therefore, the boundary value S_a between the first region and the second region is represented by the following equation:

$$0.05 \times S_{\max} \leq S_a \leq 0.30 \times S_{\max}$$

Where S_{\max} is the maximum value of the image signal in the output brightness characteristic.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
